Abstract	<p>An Alienation refers to lands that have either been withdrawn from claim staking (withdrawal) or have certain conditions pertaining to acquisition or exploration (notice or notification). A withdrawal is an area of Crown Land that has been withdrawn from staking or other use for surface rights, mining rights or both surface and mining rights under various legislative authorities (Mining Act or Public Lands Act). These lands cannot be bought, sold, or transferred. These are usually requests generated by MNRF for lands that form part of a newly proposed Provincial Park/Conservation Area, for an area MNRF will conduct a prescribed burn for example, or an area where there is/are contentious staking activities.</p> <p>MNDM has areas of Special Notices as a type of alienation. These are areas that are still open for staking, but fall under special staking and exploration conditions (for example, the Temagami area, or abandoned mines related lands that have been rehabilitated)</p>
Purpose	<p>The Ministry of Northern Development and Mines Alienation Boundaries (MNDM_ALIENPLY) is a provincial representation of alienated lands including land Withdrawals and Notifications. The Minister may, by order signed by him or her, withdraw from prospecting, staking, sale and lease any lands, mining rights or surface rights that are the property of the Crown, and the lands, mining rights or surface rights shall remain withdrawn until reopened by the Minister.</p>
