Use limitation	Although every possible effort has been made to ensure the information presented within the Conservation Authority Administration Area remains as accurate to the data provided by the Conservation Authorities, Tertiary and Quaternary Watersheds provided by WRIP, some re-interpretations have been made. 1. Discrepancies or inaccuracies may occur for which the Ontario Ministry of Natural Resources and Forestry does not assume liability. For Conservation Authority Administration Area, users should verify information with local Conservation Authorities. 2. Conservation Authority Administration Area delineation include Municipal boundaries. 3. The data are provided 'as is'. The Ontario Ministry of Natural

Resources and Forestry (OMNRF) does not warrant that the data are free of defects or that they will meet your needs or the needs of any other user or that they will be merchantable or fit for any purpose. In no event will the OMNR be liable for damages including any loss of profits, lost savings or other incidental or consequential damages arising out of your use or inability to use the data. This digital theme was prepared for the sole purpose to portray the Conservation Authority Administration Area for Ontario at a scale of 1:10 000 for Southern Ontario, 1:20 000 for Northern Ontario. Use of this theme is governed by the following: [A] The theme is scale dependent. Use of the information on this theme at any scale larger than 1:10 000 for Southern Ontario, and 1:20 000 for Northern Ontario is unwarranted and will result in erroneous conclusions. [B] To enable the rapid dissemination of information, this digital theme has not received a thorough technical edit. Discrepancies may occur for which the OMNRF does not assume liability. The digital theme does not fully portray the complex Conservation Administration Authority Area watershed delineation based boundaries. Users should verify critical information with local Conservation Authorities or Conservation Ontario [C] OMNRF will be updating this theme as new information is made available. Users should be aware that the digital theme was current at time of posting but new information may substantially change the interpretation in any area. Users should verify the currency of the data in any area before proceeding. [D] The digital theme was prepared from Watershed delineation based on provincial DEM created by the Water Resources Information Project, and boundary data submitted by individual Conservation Authorities. More information on DEM creation can be obtained from the document 'WRIP- A Guide to the Provincial Watershed Project' Bates et al. 2002
